

# MCPHERSON COLLEGE

"Light and Life"

"Light and Life," John 1:4, is a translation of the Greek motto on the College seal. The horizontal line (zoe) means life and the vertical line (phos) means light. An international exchange student interpreted this to mean, "We receive only to give." The light comes from above, and through us is spread to other persons throughout the world. The seal was designed in 1920 by W. E. Brubaker. The year 1887, which appears on the seal, is the date of the founding of the College. The seal is reserved for use on official McPherson College documents and publications. It is stamped in raised letters on diplomas and transcripts and is stamped in gold on Citations of Merit from McPherson College.

## THE STUDENT HANDBOOK 2024-2025

The Student Handbook is prepared by the Division of Student Affairs to help students become more aware of and involved in campus life at McPherson College. It is a ready reference to policies and the many services, personnel, and resources available. McPherson College is accredited by the Higher Learning Commission of the North Central Association (<https://www.ncahlc.org/>).

The handbook does not contain all the standards or regulations of the College. Students should also be familiar with information provided by other offices on campus and included in the College Catalog; contact the Registrar.

Although the information provided in the Student Handbook is accurate and current at press time, the College reserves the right to make changes in regulations, policies, procedures, and other matters as necessary. Students will receive information on any such changes from the appropriate College office. Students enrolled at the College agree to comply with the College's rules and regulations.

## EMERGENCIES

Campus emergencies may be weather related (tornado, winter storm, flood, etc.), health related (pandemic or other contagious diseases), or involve serious accidents or other attacks (campus systems failure, active shooter, etc.). In an emergency, campus community members who have signed up for emergency notifications will receive a text message and/or email (See Rave Emergency Notifications section).

Residence Life staff reserves the right to enter any resident's room without notice during emergency situations.

## FIRE SAFETY

Engaging in arson or the irresponsible use of fire or fire safety equipment is prohibited.

All persons must leave the building during fire alarms and may not reenter until instructed to do so by a college official or a firefighter.

Students who fail to vacate during a fire alarm or who return to the building before they are permitted to do so are in violation of this policy. Any students who activate a false alarm or tamper with or misuse fire or safety equipment (such as fire extinguishers and door alarms) are in violation of this policy.

## MISSING PERSON POLICY

It is the policy of McPherson College to thoroughly investigate all reports of missing persons. Additionally, the College holds that every person reported missing will be considered at risk until significant information to the contrary is confirmed. All reports of missing persons must immediately be directed to Student Affairs. Reports of missing students received by other College departments are to be promptly forwarded to Student Affairs. The McPherson Police Department may be called to assist.

A person may be declared "missing" by a parent, friend, roommate, classmate, or anyone who may be concerned about a person's location, particularly when their whereabouts are unknown and unexplainable for a length of time. The reporting individual should regard this absence as highly unusual or suspicious in consideration of the subject's typical behavior patterns, plans, or routines. There is no required waiting period for reporting a missing person.

If a report is made, Student Affairs staff will follow the steps listed below:

- The person receiving the complaint will immediately dispatch a staff member to the subject's residence.

If needed, the McPherson Police Department may be called to assist.

- The responding staff member or officer will gather all essential information about the person (description, clothes last worn, where subject might be, with whom they might be, vehicle description, etc.) Every effort will be made to make contact directly with the student or their designated confidential contact(s).
- An up-to-date photograph may also be obtained to aid in the search.
- The responding staff member or officer will also gather information about the physical and mental well-being of the individual.
- Appropriate campus staff will be notified to aid in the search for the individual. A quick but thorough search will be conducted in all campus buildings, grounds, and parking lots.
- Class schedules will be obtained, and a search of appropriate classrooms will be conducted.
- Card access swipes will be reviewed to determine the last possible location.
- The Dean of Students (or designee) will be responsible for communicating with the family or relatives of the missing person.

If the above actions are unsuccessful in locating the person or it is apparent from the beginning that the person is actually missing (example: call from parents, guardians), the investigation will be turned over to the appropriate local law enforcement agency. This will take place as soon as practical but never later than 24 hours from the initial report. At this time, the local law enforcement agency becomes the authority in charge and McPherson College staff will assist them in any way necessary.

In accordance with the Higher Education Act of 2008, all students may register a confidential contact person with the College. Access to this information is restricted to authorized campus officials and law enforcement officers actively involved in the furtherance of a missing person investigation. The confidential contact does not have to be a parent of a student. This is the individual(s) who will be contacted by the Dean of Students (or designee) or a law enforcement agency within 24 hours of the determination that the student is reported missing. This individual will also be updated on the investigation's progress. In the event a student is under 18 years of age, and has not been legally emancipated, the student's parents or guardian will also be contacted within 24 hours of the determination that the student is reported missing. Please note that the local police department will be notified even if a student has not registered a confidential contact.

## RAVE EMERGENCY NOTIFICATIONS

McPherson College uses a warning system called the "Rave System." In an emergency that threatens the campus community, students and faculty can be warned via text and/or email. Students are encouraged to enroll in this free program by going to <https://www.getrave.com/login/mcpherson>. Students should contact the Division of Student Affairs or Facilities Management for more information.

## TORNADOES

Two types of tornado alerts are issued by the National Weather Service (NWS). A tornado **watch** indicates that conditions are favorable for a tornado to develop. A tornado **warning** means a tornado has been sighted by trained storm spotters or radar. If a Tornado Warning is issued by the NWS, the McPherson area emergency siren will sound. When a warning is issued, everyone must proceed to the nearest designated storm shelter. If time does not permit, go to a small interior room on the lowest floor of the building you are in. Stay away from windows, doors and outside walls. The following shelter areas have been designated for each of the campus buildings:

## GENERAL SERVICES

### ACADEMIC ADVISING

Advising at McPherson College is an intentional relationship between advisor and student as they plan and reach the student's educational, career, and personal goals. Focal points of the advisement program at McPherson College include:

- advising the student about his or her academic concerns, co-curricular activities, and postgraduate plans
- assisting each student to assess educational/academic objectives
- serving as an interpreter of regulations and academic requirements
- acting as a referral service for any personal or academic problems which may arise

First-time freshmen are initially assigned an academic advisor. After reaching 57 cumulative credit hours or at completion of their second year at McPherson College, students will be assigned a faculty advisor from their academic major or from a discipline of interest. Students may ask to change advisors at any time. Change of Advisor request forms are available on Bulldog Connect ([my.mcpherson.edu](http://my.mcpherson.edu)) and from the registrar's office.

### ACADEMIC SUPPORT

Located on the main floor of Miller Library, the Royer Center for Academic Development assists students individually and in small groups in improving their academic skills. The Center offers help with time management, study skills, test-taking, and other college success skills. The Center offers tutoring in any subject area and manages The Writing Center, a tutored writing lab. The Center also provides academic accommodation services for students with disabilities.

## ADMISSIONS/FINANCIAL AID

Admissions and Financial Aid staff provide services for prospective, new, and continuing students in admissions, financial aid, and student records. Admissions and Financial Aid staff are housed on the first floor in Mohler Hall.

Students seeking readmission to McPherson College after an absence of one semester or longer should contact Admissions to apply for re-admission.

## ANIMALS ON CAMPUS

McPherson College supports the use of service animals, emotional support animals, and pets by students in accordance with this policy.

Service Animals are defined under the Americans with Disabilities Act ("ADA") as dogs that are individually trained to do work or perform tasks for people with disabilities. Service animals are working animals, not pets. The work or tasks performed must be directly related to the individual's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Miniature horses may also be considered service animals in certain situations.

An Emotional Support Animal is a companion animal that provides therapeutic benefit, such as alleviating or mitigating symptoms of a person's disability. Emotional support animals are not service animals. However, emotional support animals will be permitted in residential facilities with prior approval from the Center for Academic Development and the Division of Student Affairs pursuant to the procedures and standards outlined below.

Pets are defined as a domestic or tamed animal that is kept for companionship.

Certified Therapy or Comfort Animals are dogs who go with their owners to volunteer in settings such as schools, hospitals, and nursing homes working to improve the lives of other people. Therapy and comfort animals are not service animals.

An Owner is a student or employee who has an approved animal on campus.

A Handler is a student or employee with a disability that a service animal assists or a personal care attendant who handles the animal for a person with a disability.

## PROCEDURES

**Service Animals:** Students with disabilities who wish to bring a service animal (defined as a service dog or miniature horse) to the McPherson campus – including residential facilities, classrooms, and other College buildings, must register with Academic Development and provide proof of vaccinations required by the state of Kansas and the city of McPherson. Students with service animals who plan to live in residential facilities should inform residence life staff that they plan to have a service animal living with them. Advance notice of a service animal in residential facilities may allow more flexibility in meeting a student's needs.

**Emotional Support Animals:** Students who wish to bring an emotional support animal into residential facilities must go through the reasonable accommodation process with the Center for Academic Development and the Division of Student Affairs. While accommodation requests will be accepted and considered at any time, requests

should be made as far in advance as possible before the student intends to bring the animal to campus to ensure timely consideration. An emotional support animal will not be allowed until formal approval has been received.

Upon receipt of request for an emotional support animal, the Center for Academic Development and Division of Student Affairs will communicate with the student to determine if the use of the animal is a reasonable accommodation. This is an individualized assessment, and determinations will be made on a case-by-case basis.

For an emotional support animal to be considered as reasonable accommodation for a student with a disability, supportive documentation should be from a professional healthcare provider (on letterhead) and generally include the following information:

- A current diagnostic statement that identifies the disability, including date of initial and most current diagnosis, any evaluations/testing that support the diagnosis, and a description of the functional limitation of the disability;
- Information regarding the relationship between disability and the relief the animal provides; and
- Information that demonstrates the animal is necessary for the student to use and enjoy his/her living arrangement.

In addition, an owner with an approved emotional support animal must keep the animal within the owner's residence. Students are not permitted to bring emotional support animals into classrooms, meetings, or other College facilities and events.

**Pets on Campus:** An approved animal may be allowed on campus for occasional and infrequent short visits in the company of the owner in outdoor public access areas. Indoor areas are not considered "pet friendly." Animals should never be left unattended by the owner and are to be always under the control of their owners. Pets should be leashed, healthy and pose no reasonable risk to humans. Excessive noise, barking or other disruptive behavior is not permitted, and may result in the animal not being permitted on campus until able to meet acceptable standards of behavior. Pet owners are personally responsible for any damage the animal causes to College property, and for any injuries or illnesses caused by their animal. It is the pet owners' responsibility to clean up after the animal and dispose of the animal's waste properly.

**Pets in Residence Halls:** Residents are allowed fish in a 5-gallon fish tank. The tank may only contain fish (no reptiles or amphibians). Lab specimens are prohibited. Unapproved animals found in College buildings must be removed immediately, or the resident may be in violation of the housing contract and assessed damage and cleaning fees. The College is not responsible for what happens to any animal if it is removed or while present on College property.

With approval from the Division of Student Affairs, small dogs and cats are permitted as pets in the Baer Apartments. Students wishing to bring a pet to reside on campus should request approval at least one month before their residency starts to allow adequate review time. A \$200 pet deposit will be charged to all residents with an approved pet in the Baer Apartments. The student will pay the College for any damage to College property caused by the pet. The pet deposit is not applied to these charges.

### **Approval of Animals:**

Owners of Emotional Support Animals and approved pets must complete the following before the animal arrives. Failure to do so may result in the revocation of approval.

- Submit request and receive approval
- Review and agree to owner responsibilities. A copy must be submitted to the Division of Student Affairs.
- Schedule a meeting with their Resident Assistant and roommate to complete a Roommate Agreement. A copy of this must be submitted to the Division of Student Affairs.
- Submit proof of animal age
- Submit proof of current vaccinations
- Submit proof of registration

Failure to complete these tasks prior to bringing the approved ESA or pet to campus will result in revocation of this approval. Annually, owners will need to submit updated vaccination information and complete a new Roommate Agreement. These must be submitted before the start of the semester.

## **REMOVAL OF ANIMALS**

Decisions to remove a service animal or disapprove/remove an emotional support animal or pet will be made on a case-by-case basis, considering all surrounding circumstances. The following general standards reflect reasons why an animal may be removed, or approval revoked:

- The animal poses a direct threat to the health or safety of others. For example, the animal displays vicious behavior towards others or has a serious illness.
- The animal disrupts the community or ability of students to sleep and study by making excessive noise.
- The animal causes substantial physical damage to the property of the College and other community members, including students, faculty, staff, and visitors.
- The animal poses an undue financial and administrative burden to the College.
- The animal would fundamentally alter the nature of the College's housing and/or general operations.
- The animal is out of control and the handler/owner does not take effective action to control it. If the out-of-control behavior happens repeatedly, the handler/owner may be prohibited from bringing the animal into college facilities until the handler/owner can demonstrate that he/she has taken significant steps to mitigate the behavior.
- The animal is not housebroken.
- The handler/owner does not abide by his/her responsibilities as outlined in Section V of this policy.

When an animal has been removed pursuant to this policy, McPherson will work with the handler/owner to determine reasonable alternative opportunities to participate in the College's services, programs, and activities without having the animal on the premises.

## **RESPONSIBILITIES OF HANDLERS AND/OR OWNERS**

**Laws, Ordinances, and Policies:** Handlers/owners are responsible for complying with all state laws and local animal ordinances and are subject to all College policies and guidelines regarding housing and residence life.

**Proper Identification:** All animals are subject to local licensing and registration requirements.

**Health and Vaccination:** Animals must be immunized against diseases common to that type of animal. All vaccinations must be current. These animals must wear a rabies vaccination tag, and vaccination documentation must be provided to the appropriate office prior to the animal being allowed into any classroom or residence hall.

**Caring for the Animal:** The cost of care, arrangements, and responsibilities for the well-being of the animal are always the sole responsibility of the handler/owner. McPherson College will accept no responsibility for the care of any animal covered by this policy.

- Animals must be well groomed (residential facilities such as showers, tubs, sinks, and the like may not be used for this purpose).
- Animals cannot be left unattended overnight at any time. If the handler/owner must be away, they must either take the animal with them or arrange for the animal to be cared for elsewhere off campus.
- Animals cannot be confined to a vehicle, tethered, or abandoned at any time.
- Regular and routine cleaning of floors, kennels, cages, etc. must occur. Regular health and safety checks will be conducted by college staff. The odor of an animal emanating from a residence hall room is not acceptable and may result in disciplinary action.

**Keeping the Animal Under Control:** The animal should always respond to voice and/or hand commands and be fully controlled by the handler/owner.

Being Responsible for Damage Caused by the Animal – Handlers/owners are personally responsible for any damage caused by their animals and must take appropriate precautions to prevent property damage. The handler/owner will be required to pay for any damage caused by the animal.

An individual with an animal covered by this policy in a residence hall has an obligation to make sure that his/her residence is as clean and damage-free as the original standard, excepting normal wear and tear. When the individual moves out of residential housing or no longer owns the animal, the residence will be assessed to determine if damage to College property or extraordinary cleaning costs are attributable to the animal. If so, the owner will be financially responsible for associated costs.

The College maintains the right to conduct facility inspections to assess damage caused by the animal or determine the owner's compliance with this policy.

**Being Responsible for Waste:** Cleaning up after the animal is the sole responsibility of the handler/owner, and it must be done so immediately. If the handler/owner is not physically able to clean up after the animal, it is then the responsibility of the handler/owner to hire someone capable of cleaning up after the animal.

**Leash Requirements:** Service animals should always be on a leash, unless the owner cannot use a leash due to a disability or the leash would interfere with the animal's ability to perform its duties. Emotional support animals and pets must be on a leash or in a crate when leaving a residence hall to go to an off-campus location.

**Observing Good Animal Etiquette:** To the greatest extent possible, the handler/owner should ensure that the animal does not display behaviors or make noises that are disruptive or frightening to others, unless it is part of the service being provided to the handler (e.g., barking to alert the handler of danger). The animal must possess friendly and sociable characteristics.

**Other Conditions and Restrictions:** In response to a particular situation, McPherson reserves the right to impose other reasonable conditions or restrictions on the use of service animals and emotional support animals as necessary to ensure the health, safety, and reasonable enjoyment of college programs and activities by others.

## **INFORMATION SPECIFICALLY RELATED TO SERVICE ANIMALS**

### **Permitted Inquiries**

In general, members of the McPherson community should not ask about the nature or extent of a person's disability. However, as permitted by the ADA, if it is not obvious that the animal is required because of a disability, the handler may be asked:

- If the animal is required because of a disability, and
- What work or task the animal has been trained to perform.

The handler should not be asked for documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, McPherson community members should not make inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., if the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

### **Areas Off Limits to Service Animals**

While service animals are generally allowed to go anywhere on campus that the handler is allowed to go, there are certain areas where the presence of a service animal fundamentally alters the nature of a program or activity or is disruptive. Examples of the areas that are off limits to service animals include:

- **Research Laboratories:** The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals and/or organisms used in the research may be

harmful to service animals.

- Mechanical Rooms/Custodial Closets: Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms and custodial closets, are off-limits to service animals. The machinery and/or chemicals in these rooms may be harmful to animals.
- Food Preparation Areas: Food preparation areas are off limits to service animals per health codes.
- Areas Where Protective Clothing is Necessary: Any room where protective clothing is worn is off-limits to service animals. Examples impacting students include kiln areas, chemistry laboratories, wood shops and metal/machine shops.
- Areas Where There is a Danger to the Service Animal: Any room, including classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to service animals.

Questions about areas off limits to service animals should be directed to the Academic Development, Executive Director of Operations or, in the laboratory setting, the instructor. Exceptions may be granted in some circumstances.

#### Additional Matters

**Roommates:** Upon approval of an emotional support animal, or if a student intends to have a service animal in residential housing, the student's roommate(s) will be notified (if applicable) and solicited for their acknowledgment of such. All roommates must sign an agreement allowing the approved animal to be in residence with them. If one or more roommates do not approve, the Division of Student Affairs will consult with all the individuals involved and determine the appropriate course of action, including a possible change in housing assignments. If, later, there is a conflict between roommates regarding the animal that cannot be resolved, the Division of Student Affairs should be contacted. Appropriate parties will be consulted to reach a solution.

**Animal No Longer Necessary:** The Division of Student Affairs should be notified when an animal covered by this policy will no longer be in residence or, in the case of emotional support animals, is no longer needed as accommodation.

**Conflicting Disabilities:** Some people may have respiratory conditions or allergic reactions to animals that are substantial enough to qualify as disabilities. McPherson College will consider the needs of both people in meeting its obligations to reasonably accommodate all disabilities to resolve the problem as efficiently and expeditiously as possible. Students requesting allergy accommodation should contact the Division of Student Affairs.

**Concerns:** Concerns regarding an animal covered by this policy may be brought to the attention of the Division of Student Affairs.

Individuals with animals covered by this policy in residential housing should understand that issues may arise with other residents. The individual with the animal should be receptive to these concerns and, if necessary, contact the Division of Student Affairs for assistance in resolving the situation.

Other residents with minor concerns about an animal in their residence hall may discuss the matter with the owner/handler or talk with a representative of the Residence Life Staff. Major concerns should immediately be brought to the attention of the Division of Student Affairs.

## BOOKSTORE

McPherson College uses an online bookstore. Go to <https://mcpherson.textbookx.com/institutional/index.php> to find your course and view course items. Students may purchase textbooks through the virtual bookstore with a debit or credit card.

## CAMPUS EMPLOYMENT / PAYROLL

The College offers on-campus employment in a variety of departments. Students must apply for all on-campus jobs through Handshake, an online tool that connects student applicants with employers. Students may create their account with their Bulldog email by downloading the Handshake app from their device app store or by going to [www.joinhandshake.com](http://www.joinhandshake.com). More information about Handshake may be discovered on Bulldog Connect, go to Student Affairs tab > Career Connections (left menu) > Handshake – Campus Employment.

**Hiring process:** Student employment contracts are pre-approved by the Career office and issued to supervisors. Students will interview for campus positions. Once a student is selected for a job, the supervisor will review the student employment contract with the student, both will sign the contract, and the student will take the signed contract to the Career Office to complete their new hire paperwork. The Career Office is in Miller Library, main floor, past the Library Services desk.

**New hire paperwork:** Students new to working at McPherson College must complete all new hire paperwork including the W-4, K-4, I-9, and Acknowledgement Receipt of the Student Employee Handbook at the Career Office. Student **must present original versions** of the documents for the I-9 form. See <https://www.uscis.gov/i-9-central/form-i-9-acceptable-documents> for document requirements. *Original I-9 identification documents are required – no copies will be accepted.*

**Starting work:** Students can begin working once Payroll confirms with their work supervisor that the student has completed the necessary new hire paperwork and they have been issued a timecard and entered into the payroll system. The supervisor will notify the students when they have been approved to start work.

**Work hours:** Students can work no more than 20 hours per week total for all their on-campus jobs combined. For example, if a student works 5 hours a week for one job (department) then they only have 15 hours they can work for another job (department) for that week. Students are not allowed to work during scheduled class time. International students & work study students may have additional work restrictions.

**Time entry:** The payroll period for students starts on the first of the month and ends on the last day of the month. The work week is Wednesday through Tuesday. Students need to have their timecards finalized by the end-of-the-month deadline. Supervisors approve timecards after they have been finalized by the student. Timecards are on Bulldog Connect. Questions regarding timecards need to be directed to the work supervisor. If students cannot get resolution to a timecard issue, then they need to contact the Payroll Manager in the business office.

**Getting paid: Student** employees are paid monthly and usually on the 15<sup>th</sup> day of the month. Students are encouraged to receive payment via direct deposit but may opt for a paper paycheck. Student employees may elect a percentage of their pay towards their student tuition and fees account. If a paper paycheck is preferred, an email will be sent when checks are available for pick-up from the Business Office.

**International students:** International students who have not already obtained a social security card must obtain one from the Social Security Administration. Details on obtaining a social security card are available from the business office or on Bulldog Connect via the Student Affairs tab > International Students > On-Campus Employment.

*For more details about student employment policies and procedures, access the **Student Employee Handbook** available on Bulldog Connect, follow Student Affairs tab > Career Connections (left menu) > Student Employee Handbook.*

## RESIDENCE LIFE TEAM & ON-CALL STAFF

Residence Life at McPherson College is a comprehensive living experience that strives to build a strong and involved community. Our goal is that the residence halls are more than just a place to sleep. They are places to explore personal ideologies through the experience of living away from home. To do this, our Residence Life Team will host events (example: Battle of the Hallstars); facilitate community agreements, floor meetings, and roommate mediations; create opportunities for themed housing; and provide emotional support for all residents. The Residence Life Team consists of the Director of Housing and Residence Life, Resident Directors (RDs), and Resident Assistants (RAs). This team is trained in basic emergency response, mental health support, programming, conflict resolution, and much more.

Resident Assistants live in each residential property and serve as the first point of contact for most residential concerns, including lockouts, noise, guest/visitation, roommate mediation, room changes, etc. They are available weekdays from midnight to 8am and 5pm to midnight, and weekends midnight to midnight. Residents are encouraged to save these contact numbers for quick reference:

Dotzour RA on Duty (620) 755-7886

Metzler RA on Duty (620) 504-4031

Bittinger and Morrison RA on Duty (620) 654-6451

A three-tiered on-call team serves 24 hours a day throughout the year, including breaks. RAs serve in the first level of this on-call rotation. RAs conduct nightly rounds, are asked to get to know all residents, submit nightly duty logs, and incident reports as needed.

Resident Directors (RDs) are full-time employees on campus who also conduct nightly rounds throughout these residence halls. These individuals aid RAs and residents in events of alcohol or drug misuse, campus threats, fire alarms, doors not locking or closing, major leaks, significant maintenance issues, or other Tier 2 violations/concerns.

Administration level responders are full-time Student Affairs employees, Director level or higher, who support residents and the Residence Life Team in case of issues that result in harm to self or others. These can include hospitalization or police/emergency medical staff presence, mental health issues, fire, and campus threats.

## ACADEMIC INFORMATION

### ACADEMIC INTEGRITY

Academic dishonesty is any act of cheating, fabrication, or plagiarism.

- Cheating is using or attempting to use unauthorized materials, information, or study aids. Examples: copying homework, copying someone else's test, using an unauthorized "cheat sheet," etc.
- Fabrication is falsification or invention of any information or citation. Examples: making up a source, giving an incorrect citation, deliberately misquoting a source, etc.
- Plagiarism is representing the work (words, pictures, ideas, etc.) of another person or entity (e.g. Course Hero and/or the inappropriate use of ChatGPT) as one's own in the submission of an academic assignment.
- (The examples above are not exhaustive; infractions may include actions not listed.)

#### Other Kinds of Academic Dishonesty

Academic dishonesty can also include dissimulation and aiding and abetting.

- Dissimulation is the act of disguising or altering one's actions so as to deceive another about the real nature of one's actions concerning an academic exercise, including (but not limited to) fabricating excuses for missing classes, postponing tests, handing in late papers, turning in a paper for one class that was originally written for another class (when original work is requested), taking inappropriate credit for group work, etc.
- Aiding and abetting is knowingly facilitating any act defined in this policy, including (but not limited to) helping other students plagiarize and/or cheat by unauthorized sharing or distribution of lab work or coursework, regardless of whether or not one is currently enrolled in the course. Unauthorized sharing includes posting onto homework sharing websites (e.g., Course Hero and other similar websites, either currently available or in the future). Aiding and abetting also includes not reporting others' cheating incidents, etc.
- Faculty retain the right to deal with instances of dissimulation and aiding and abetting as they deem appropriate, including reporting such incidents to the VPAA.

#### Procedures for Unintentional Violations of Academic Integrity

Instructors use their discretion in determining whether infractions of academic integrity are intentional or unintentional. When instructors determine an act of academic dishonesty is unintentional, they may use their professional judgment in determining the best way to remediate the student.

#### Procedures for Intentional Violations of Academic Integrity

When instructors determine that an act of academic dishonesty is intentional, they shall

1. Complete and submit an Academic Dishonesty Incident Report form, including documentation of the incident, to the Assistant Provost and Dean of Faculty (AP/DF). (The form is available on the college Intranet site or in the Academic Affairs office.)
2. Impose the sanction for academic dishonesty provided in their course syllabus, pending notification from the AP/DF that their incident report is the first one filed against that student.
3. Students reported to the AP/DF for the first time for an act of plagiarism shall submit documentation of their successful completion of a recommended plagiarism prevention program.

If a student has had one or more incident reports previously submitted to the AP/DF, the following consequences shall ensue:

- Second reported offense: The student shall fail the course. At the request of the reporting faculty member,

the student, the faculty member, and the AP/DF can meet to determine the appropriateness of an F in the course for the behavior reported.

- Third reported offense: The student shall be suspended for the remainder of the term plus one additional full semester and fail the course in which the incident occurred. If the incident is reported prior to the last day to withdraw without a grade, the student will be withdrawn from all other courses in which he or she is enrolled. If the incident is reported after that date, the student shall receive final course grades calculated by adding zeroes for all remaining course assignments to grades received up to that point in the course. Suspended students must reapply for admission and are not guaranteed re-admittance.
- Fourth reported offense: Dismissal with no right to appeal.
  - The AP/DF will notify the student, the student's advisor, and the Coordinator of Student Success each time an Academic Dishonesty Incident Report is submitted. With the exception noted above for a student's fourth infraction, students have the right to appeal any charge of academic dishonesty following the same procedures described in the [Grade Appeal Policy](#) published in the academic catalog.

## CHANGING COURSE SCHEDULES (ADDING/DROPPING CLASSES)

The dates of all deadlines are published in the annual Academic Calendar. The last day to add a course is also the last day for students to begin courses. Students are not able to drop/add courses after the first day of classes without the assistance of their academic advisor. During the second week of classes, students may drop courses without a fee. Beginning the third week of class, students will be charged a \$50 fee to withdraw from a course, and a grade of W will be posted on their transcript. Students may withdraw from courses until one week after midterm grades are due. Students who withdraw from a class before that deadline will receive a notation of "W" on the permanent record in place of a letter grade. Students may not withdraw after that deadline without the grade earned at the end of the term being reported on their transcript.

Students who drop a course within the first two weeks will not receive a W on their transcript since they are within the add/drop period. However, if a student withdraws from all courses, they will receive W's on their transcript to document their attempt at McPherson College.

## CLASS ATTENDANCE

Every professor has the autonomy to establish his or her own class attendance policy, which is explained in the course syllabus. Students are responsible for understanding and complying with each professor's policy. Instructors may lower final grades or fail students who do not comply with the attendance policy set forth in the syllabus. The vice president for academic affairs may withdraw chronically absent students from one or all their courses.

Unless the instructor's attendance policy specifies otherwise, students should notify instructors of necessary absences well in advance and arrange alternative means for completing class activities, if appropriate. When prior notification for absences is not possible, the student should explain each absence to the instructor at the next class meeting. The instructor will determine whether make-up work is allowable.

McPherson College's Department of Athletics makes every effort to minimize student-athletes' absences for intercollegiate competition. Although the athletics department notifies faculty in advance of students who will participate in intercollegiate competition, each student-athlete is responsible for contacting instructors prior to the missed day to make arrangements due to absence(s); when the student-athlete makes appropriate arrangements with faculty in advance of their absence, the absence will be considered excused. However, when the student-athlete fails to communicate in advance with instructors, those instructors may consider the absence unexcused. It is unacceptable for student-athletes to miss classes for sports-related activities such as practices, team meetings, weightlifting, film sessions, etc., unless approved by the athletic director and the vice president for academic affairs.

Every professor has the autonomy to establish his or her own class attendance policy, which is explained in the

course syllabus. Students are responsible for understanding and complying with each professor's policy.

Unless the instructor's attendance policy specifies otherwise, students should notify instructors of necessary absences well in advance and arrange alternative means for completing class activities, if appropriate. When prior notification for absences is not possible, the student should explain each absence to the instructor at the next class meeting. The instructor will determine whether make-up work is allowable. Instructors may lower final grades or fail students who do not comply with the attendance policy set forth in the syllabus.

The Vice President for Academic Affairs may withdraw chronically absent students from one or all the student's courses.

## CLASSROOM CONDUCT

Faculty members have the responsibility to maintain an atmosphere conducive to learning in their classrooms and labs. Therefore, when, in the judgment of the instructor, a student's behavior undermines the learning atmosphere, the instructor may remove that student from the classroom for the remainder of the class period.

Students who repeatedly undermine the learning environment, or whose disruptive behavior includes violence, threats, or harassment, may be subject to permanent ejection from a course. Unless the instructor specifies otherwise, ejected students fail the course. Students have the right to appeal an instructor's request for permanent removal from a course to the vice president for academic affairs.

## ENROLLMENT STATUS (FULL OR HALF TIME)

Students are responsible for knowing how their enrollment status affects other factors at the college. For example, if a student drops from being a full-time student (enrolled in at least 12 hours) to a part-time student (enrolled in less than 12 hours), their financial package or housing status may be altered. Students may only live in campus housing if they are at full-time status. Once a student drops to part-time status, they must notify the Director of Residence Life or other Student Affairs administration. Unless a written exemption of permission is granted, the part-time student will have 48 hours (about 2 days) to vacate the residence halls.

## VOLUNTARY ASSESSMENT, INVOLUNTARY ASSESSMENT

In cases in which a student's actions may be a disruption or danger to others, the College may request a voluntary, or involuntary, assessment. Such an assessment may be requested in the following circumstances:

1. Instances where a student engages, or threatens to engage, in behavior which poses a danger of causing physical harm to others; or
2. Instances which could cause significant property damage, or would directly and substantially impede the lawful activities of others; or
3. Instances where a student's behavior is sufficiently disruptive to normal College operations, consumes an inordinate amount of College staff time and/or resources, or may interfere with the educational process of the College.

### **Direct Threat**

In determining whether an individual poses an imminent danger or a direct threat to the health or safety of others, the College's Behavior Intervention Team (BIT), will initially evaluate the threat and make a recommendation as to whether additional assessments should be made.

Student Affairs Staff will make a recommendation to the Dean of Students (or designee) as to the need for the student to have an individualized assessment. This assessment would be based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will occur; and whether reasonable modifications of policies, practices or procedures will mitigate the risk.

## **Referral for Voluntary Assessment**

When a student is referred to the Dean of Students (or designee) based on behaviors listed previously, the student is required to meet with the Dean of Students (or designee) as requested. The Dean of Students (or designee) may include in this meeting staff from the College Counseling Center or other units as appropriate. If, based on the content of the discussion, the student agrees to have an assessment, the Dean of Students or designee shall designate/refer the student to qualified professionals (licensed psychologist, counselor, psychiatrist, and/or physician) for an assessment. The licensed professional is empowered by these regulations to share general information and the outcome of the assessment with the Dean of Students and the Behavior Intervention Team (BIT). The minimum necessary information will be disclosed and will be held by the Dean of Students and/or BIT in confidence and will be shared only with those College employees with a legitimate need to know.

The licensed psychologist, counselor, psychiatrist and/or physician shall evaluate the student to determine if there are serious concerns associated with the student's behavior. The licensed psychologist, counselor, psychiatrist and/or physician shall advise the Dean of Students and the BIT of the outcome of their evaluation because of the assessment. The Dean of Students and the BIT may consult with other internal/external advisors.

The Dean of Students or designee shall be the sole decision maker as to the composition of the BIT. The student may be requested to appear before the BIT in which case the Dean of Students or designee will notify the student in writing. If the BIT determines that the student poses an imminent danger or a direct threat to the health or safety of others, the BIT may recommend an immediate temporary suspension.

If an immediate temporary suspension is not recommended, the Dean of Students or designee will determine (in consultation with BIT) what, if any, follow up steps the student will be required to complete in order to remain at McPherson College.

## **Referral for an Involuntary Assessment**

The Dean of Students or BIT shall be empowered to make referrals for an involuntary assessment when students engage in behaviors listed previously. Students referred for an involuntary assessment shall be informed in writing and given a copy of these procedures. Delivery of these documents will be either by personal delivery or by certified mail with return receipt requested and delivery restricted to the student only. Any assessment cost is the student's responsibility.

The Dean of Students or designee shall designate/refer the student to qualified licensed professionals (licensed psychologist, counselor, psychiatrist and/or physician). The licensed psychologist, counselor, psychiatrist and/or physician is empowered by these regulations to share general information and the outcome of the assessment with the Dean of Students and BIT. The minimum necessary information will be disclosed and will be held by the Dean of Students or BIT in confidence and will be shared only with those College employees with a legitimate need to know. The assessment of the student must be initiated according to the deadline stipulated in the letter and completed within three (3) working business days unless an extension is granted by the Dean of Students or designee.

## **Return Requirements**

Following a determination that a student poses a direct threat to the health or safety of others, McPherson College may require as a precondition to a student's return that the student provide documentation that the student has taken steps to mitigate the previous behavior (e.g., followed a treatment plan, submitted periodic reports, granted permission for the institution to talk to the treating professional).

## **MEDICAL WITHDRAW**

College officials may become aware of a student who may be experiencing serious circumstances because of a physical, emotional, or psychological health condition. In communication and partnership with the student, this matter may be handled as a potential medical withdrawal according to the institution's withdraw policy.

Documentation from a medical provider is required for a medical withdrawal. Contact the Academic Affairs Office for specific information about this policy.

## HOUSING

The Division of Student Affairs coordinates all areas of residence hall management, staffing, and enforcement of campus policies. Student Affairs administration serves as the administrator and conduct officers for all matters for Housing and Residence Life. All campus wide community standards must be followed within the residence halls.

## RESIDENCY

All students must live in College housing unless they apply for and receive permission, in writing, from Student Affairs administration to live elsewhere, or if they meet the off campus living exemptions before the beginning of the academic year.

The residential campus encourages active involvement in and offers close proximity to campus resources. The residential nature of the College fosters student development in interpersonal communication skills and knowledge of self in relationship to others.

McPherson College has residential facilities that are designed for specific population groups. In addition, all residents and all athletes are required to have a meal plan. Residential facilities include:

### Residence Halls

Dotzour Hall (co-ed)

Metzler Hall (male)

Morrison Hall (male)

Bittinger Hall (female)

Maxwell Hall (co-ed)

### Apartment Style Living

Harter Hall (gender-neutral housing)

Baer Apartments (pet friendly housing)

Lakeside Apartments

Terra Nova Apartments

Deerfield/MC Houses (themed housing)

When renting a room or apartment from the College, whether on campus or in an off-campus apartment, all rules and policies are in effect as they would be on the College campus. Student assignments are based on occupancy availability. When students are placed in special or off-campus residences, their contract may be reassigned to an on-campus location for violations of the student code, for financial reasons, or due to occupancy changes across campus.

There are exemptions to the campus residency policy. All full-time students who are married and/or have dependents, live with their parents within McPherson County, or are at least 23 years of age on the official fall enrollment day for the academic year are not expected to live on the McPherson College campus.

Additional exemptions to the Residency policy may be granted in cases where persons do not meet the above criteria. The following guidelines will be used, in part, to determine off-campus exception approvals. **Remember, submitting a request does not guarantee approval.** Please do not sign a lease until you have received approval from the Division of Student Affairs in writing.

*Guidelines to Apply to live off-campus:*

- 21 or JR status by the upcoming academic year
- 3.0 or above GPA
- Proof of reliable transportation
- A student in good standing academically
- A student with a positive conduct record

Students granted permission to live off-campus will need to supply the Division of Student Affairs with a copy of their lease by the first day of the semester.

## TERMS OF CONTRACT

Students are urged to read carefully the content of the Housing Contract when completing the Housing and Off Campus Application. When the official Housing Contract form is signed and submitted to McPherson College, or when the student occupies a space in a residence, the contract becomes a legally binding agreement – a contract between the student and the College. The terms and conditions of this contract are outlined below.

In this document the space leased by a student, whether a residence hall room, apartment, or house, will be referred to as “room.”

### CONTRACT PERIOD

This contract is binding for the entire academic year, with the following exceptions:

- o when the student completes graduation requirements midyear
- o when the student withdraws or is withdrawn from the College
- o when the student enters the contract at the beginning of the second semester
- o when the student becomes married or has a child.

Housing contract appeals can be submitted through [https://mcstudentlife.formstack.com/forms/housing\\_contract\\_appeal](https://mcstudentlife.formstack.com/forms/housing_contract_appeal).

The room must be vacated within a 24-hour period following the student's last scheduled examination at the end of each semester.

The College's nonperformance of any obligation or duty under this Agreement will be excused to the extent that the performance is prevented by any act of God or circumstance beyond the College's control, including, without limitation, fire, war, riots, flood, earthquake, weather, health emergency, labor dispute, civil disturbance, governmental acts or orders or restrictions, or power or communications failure (each a “Force Majeure Event”). Room and board fees are non-refundable, and students will not receive a refund or a credit for room and board fees during a Force Majeure Event.

### CONTRACT SUSPENSION

Any student whose physical or mental health might jeopardize the safety or well-being of that individual or that of any other resident may be required to have an examination by a physician or a consultation with a College counselor to continue enrollment and residency at the College. Should the physician or counselor determine that a health or safety concern to self or others exists, the Dean of Students or designee may amend or suspend the student's housing contract as appropriate.

### ROOM ASSIGNMENTS

The College will not discriminate room assignment based on gender, race, color, religion, creed, national origin, ancestry, age, physical ability, or sexual orientation.

Room assignments will be made according to departmental procedures and, when possible, in accordance with student preferences. No specific assignment based on the resident's request is guaranteed. For individual requests, please contact the Division of Student Affairs. Failure to honor housing preferences will not void the contract.

The College reserves the right to: (a) assign the remaining space(s) of a room whenever a vacancy in occupancy occurs; (b) increase the number of occupants per room in the event of emergency need; (c) assign students to temporary accommodations, in the event of emergency need; (d) reassign rooms for occupancy during vacation periods; (e) consolidate roommates, for space management purposes, when vacancies occur; (f) change room assignments for health, safety or repair services, for disciplinary reasons caused by the resident, or for irresolvable

incompatibility of roommates; and (g) designate the occupancy level for each room.

## TERMINATION OF CONTRACT

The College may terminate a contract and take possession of a room at any time for:

- (a) violation of any Residence Hall policies or procedures;
- (b) violation of any College regulation, including disorderly conduct, interference with the rights and privileges of other residents, or destruction of property; and/or
- (c) whenever the room is vacated or the relationship between the student with the College as a student is terminated.

If the College terminates a contract for any of the reasons noted above, the room and board charges will not be refunded.

## VACATION OCCUPANCY

The contract does not cover regularly scheduled vacation periods.

A special living area may be established for students unable to leave campus during these periods. To arrange for permission to occupy a room during a scheduled vacation period, complete an application through the Division of Student Affairs by the advertised deadline.

An additional charge of \$150 plus \$15 per day will be assessed for housing during vacation periods. This must be paid directly to the Division of Student Affairs before students remain over break.

Students who violate College policies during vacation periods will be subject to sanctions.

## EARLY CHECK-IN OR LATE CHECK-OUT

Students who wish to check-in early or check-out late must receive written permission from the Division of Student Affairs. Students who come early or stay late must pay a fee of \$150.00 plus \$15.00 per day during the period in which they arrive early or stay late.

## SUMMER RESIDENCY

Students who wish to live in Campus Housing over the summer must complete a Summer Housing Application by May 1 and pay monthly rent. Payments are coordinated through the Business Office.

## ROOM CHANGES

No student will be allowed to move off-campus, exchange a room, or substitute one occupant for another without permission from the Division of Student Affairs. If one of the occupants of a room moves, the student(s) who remains agrees to accept an assigned roommate(s).

Students who misrepresent the truth, intimidate assigned occupants, or otherwise attempt to manipulate the housing assignment or lottery process will be subject to disciplinary action that may include fines, reassignment, and/or contract termination.

Students are not permitted to change rooms during the first week of each semester. Room change requests may be made during business days of the second week of each semester. Requests should be submitted through Formstack: [https://mcstudentlife.formstack.com/forms/housingchangerequest\\_copy](https://mcstudentlife.formstack.com/forms/housingchangerequest_copy). Students must submit a copy of a roommate mediation with their current roommate to be considered for a room change.

After room changes are processed, the college will implement a consolidation process. This typically takes place

the third week of each semester.

Room consolidation policy: students who do not pay the extra fee to secure a private room are required to take a roommate, even if extra rooms are available. At times students prefer double rooms but are for some reason left without a roommate. Students in this situation must choose one of the following options: A) Accept or choose a new roommate, or B) Pay for the room as a single. Students in this situation must notify the Division of Student Affairs of their choice by Friday of the third week of each semester. Failure to submit a decision by this day will result in a single charge to the student. If a student selects to accept or choose a new roommate, the student will have five (5) days to identify their new roommate. Once identified, the room changes must be complete within 48 hours (about 2 days).

If a student does not identify a roommate and refuses to buy out the room, they will be advised to submit a housing appeal. If the appeal is denied, then the student will be charged for a single room. This decision is not subject to appeal.

Room consolidation after midterms: if a student finds themselves without a roommate due to their roommate leaving, the student must choose one of the following options: A) Remain open to a roommate, or B) Buy out the room as a single.

At the discretion of Student Affairs, an exception may be made to this policy due to gender identity considerations, safety, Title IX interim measures, No Contact Orders, Student Conduct concerns, and issues of similar sentiment.

## RESIDENCE CHECK-IN/OUT PROCEDURES

Check-In: When checking into a new room at any time, students will check in with their Resident Assistant or other Residence Life staff for the necessary forms and to receive a room key.

Check-Out: When checking out of a room, residents should complete official College check-out procedures. Professional staff will assess the room after the resident has moved out. Room damage and cleanliness will be assessed, and this may result in additional charges. Failure to complete the checkout procedure may result in sanctions.

## BREAK STORAGE

Students are not permitted to store personal belongings in the residence halls or on campus during breaks.

## LEAVES OF ABSENCE AND STUDY ABROAD

When returning to the College from abroad or from a leave of absence, the student must tell the Division of Student Affairs their housing requests before their return.

The Division will attempt to accommodate students' hall and room preferences; however, preferred assignments cannot be guaranteed. Students returning in spring semester will be assigned to residence hall space based on class seniority and the date their request for housing is received.

Students who are abroad during the spring semester must notify the Division of Student Affairs, in writing, of their arrangements for a fellow student to serve as proxy and select a room for them during the housing room reservation process. Students taking a leave of absence during the spring semester will be assigned fall housing through the summer waitlist process.

## FAILURE TO VACATE

Residents are always responsible for their personal property. When residents have not vacated their College residence as expected while changing residences or at the end of a contract period, or if they have not removed personal property, Student Affairs staff will make a reasonable attempt to contact the residents. If after 48 hours (about 2 days), the resident has not vacated, personal property will be removed and stored at the resident's expense. After appropriate notifications, the items will be considered abandoned and donated to charity or discarded. Student Affairs is not liable for damage to, or loss of, property that might occur during removal or disposal.

Residents will be billed for all costs incurred in restoration of the unit to usable space.

## RESIDENTIAL CAMPUS POLICIES

The following regulations were instituted by the College to ensure that all students' rights and welfare will be protected. All campus wide community standards must be followed within the residence halls.

### ASSESSMENT FOR DAMAGE

Residents will be held responsible for any damage in their rooms, or in any part of the residence hall, and/or to College equipment. When damage occurs in a public area, the cost of repair may be split and billed to the residents of that area. Students are responsible for reporting to the Division of Student Affairs any damages done to the outside of their room door; otherwise, they will be billed for such damage.

### ATHLETIC EQUIPMENT

In-line skates, scooters, skateboards, Frisbees, basketballs, footballs, tennis balls, etc. may not be used in the Residence Halls or any other building on campus except the Sports Center (appropriate equipment only). In-line skates and skateboards are not to be used on any steps, seating areas or ramps on campus. This includes hover boards, Segways, and other items of the like unless approved by the Division of Student Affairs.

### BICYCLE STORAGE

Bicycles are not permitted to be stored inside the residence halls. Students are encouraged to purchase and use sturdy locks and chains for their bicycles. The College cannot be responsible for damaged or stolen bicycles.

### BLOCKING, PROPPING, OR JAMMING DOORS

Due to the potential danger associated with blocking, propping, or jamming interior or exterior doors, students involved in this action are subject to disciplinary action and have legal liability for the safety of the occupants in the residence hall.

Residence hall interior room doors may be propped open by the resident if they are inside the room.

### CABLE AND TELEVISION

Exterior satellite dishes and receivers are not permitted. Students are not permitted to split the television cable; this practice is illegal and constitutes theft of that service. Televisions cannot be mounted in rooms; violators of this policy will be subject to judicial action and will be assessed fees for repair of walls with a minimum fee of \$250.00.

### CANDLES, OPEN FLAMES, AND FLAMMABLE SUBSTANCES

Candles, oil lamps, potpourri burners, incense, kerosene lamps, and other items that have flames or may be ignited with a flame are not allowed in campus buildings, including the residence halls, because of their potential fire danger. Lamps may not use a halogen bulb and grow lights are not permitted.

The storage or use of gasoline, kerosene, and other flammable liquids is strictly prohibited.

### CIRCUITS

Electrical equipment should be used in moderation in rooms to avoid overloading circuits. To increase the number of outlets available in a room, the College recommends surge protector electrical strips. These strips offer multiple outlets and feature a self-activating circuit breaker which shuts off power when power overloading and/or short

circuits occur. This may help protect your electrical equipment. Extension cords are against fire code and not allowed.

## COOKING OF MEALS

Each floor of each residence hall has a full kitchen, complete with a toaster, microwave, stove/oven, and refrigerator/freezer. Students are expected to monitor food as it is being cooked and to turn off all kitchen appliances when not in use. Any food stored in the fridge/freezer must be labeled with the students' name and date.

Cooking of meals is not permitted in student rooms. This practice is a fire hazard and a health hazard.

When meals are cooked in common areas, dishes should be cleaned right away to keep the area as clean, sanitary, and inviting as possible. Any dishes left in common areas that are unattended may be disposed of by Residence Life staff.

## ELECTRICAL APPLIANCES

No appliances containing open heating elements may be used in student rooms as they pose distinct fire hazards and overload existing electrical circuits. Prohibited appliances include hot plates, heaters, toaster ovens, and microwave ovens.

Compact, personal-sized refrigerators (no larger than 4 cubic feet in capacity) are permitted. They must be emptied, defrosted, cleaned, and unplugged before breaks.

## FIRE DRILLS, EQUIPMENT, AND SAFETY

Multiple fire drills are scheduled for the residence halls during the year. Each student is responsible for cooperating and following evacuation plans. Students must evacuate the building whenever an alarm goes off, even if they are confident there is no danger. Lack of cooperation during fire drills or alarms will result in disciplinary action. There is a \$500.00 fine for not evacuating.

Residence Life staff will train students where to go while waiting for the fire department, emergency medical services, and/or police to arrive.

Fire equipment is to be used only as necessary in case of fire; its use or misuse must be reported to Residence Life staff immediately so that it may be restored to useful condition without delay.

Anyone identified as responsible for tampering with or theft of any College-owned Fire Extinguisher or other fire apparatus in any College-owned residence will be subject to a \$500 fine and severe disciplinary action.

If a person or persons responsible for tampering with fire equipment are not apprehended, the students living on the floor, wing, or section of the residence hall may be billed \$500. The fine may be split among the residents living in that space.

Students who dismantle or improperly manipulate their fire alarm will be subject to sanctions.

Decorations or furniture must never hinder exit from a room. No items may be affixed to, installed in, or suspended from the ceiling in any student room. Students must not decorate their rooms with combustible materials (paneling, combustible fabrics, etc.). Fabric decorations may only cover a maximum of 50% of one wall in any student room. Posters may only cover a maximum of 50% of the wall space in any student room.

Candles, open flames, or open burners are not allowed in the residence halls.

## FOOD STORAGE

Food in student rooms must be stored in sealed containers. Food and drinks may not be stored on exterior windowsills. No dishes or silverware may be taken from the dining facilities to student rooms.

## FURNITURE

Each room comes equipped with a twin-size bed, a dresser or closet (depending on the residence hall), and a desk for each resident. All College-supplied furniture must remain in student rooms.

Waterbeds are not permitted. Furniture lofts, partitions, cabinetry, and other décor are welcome, but may not be built or screwed into the walls or floor.

Common area furniture is for use by all residents and may not be removed or relocated to a private residence within the hall or elsewhere. Unauthorized removal of furniture will be considered theft of College property, and students may be disciplined for such behavior.

## GUESTS/VISITATION HOURS

A guest is defined as anyone not assigned to the residents' room, including other McPherson College students.

Visitation Hours:

Sunday through Thursday      9AM to 1AM

Friday and Saturday            9AM to 2AM

A student's right to host a guest is, in all cases, superseded by the roommate's right to the uninterrupted use of the room and the resident's rights to the uninterrupted use of the common space. If students wish to have an overnight guest of the same sex, they must first receive approval from their roommate. Guests must be at least 18 years of age and may be asked for their identification by Residence Life staff. Underage guests must be approved by the Director of Residence Life and their host must complete a form on Bulldog Connect.

Guests should be aware of expected conduct and the College and Residence Hall policies. The host is ultimately responsible for the behavior and actions of his/her guests and may be held accountable under the College judicial system.

McPherson College is private property. Underage and/or nonstudents may be asked to leave the campus.

## KEYS

Each resident is provided with a key that allows access to his/her room and residence hall. They will also be given a keycard that uses proximity access to other campus buildings as appropriate. Residence Hall exit doors remain locked 24 hours a day. Residents may enter the locked entrances of their building with a key or keycard. It is imperative that students always carry their keys and refuse to loan them to others. Students must ensure that exit doors close securely after they enter or exit a building. Student should report malfunctions in door locks immediately to the Director of Housing and Residence Life or Resident Assistants. All keys are property of the College and must be returned when the student checks out of the Residence Hall.

**If a key is lost**, it should be reported to the Director of Housing and Residence Life or Resident Assistant immediately. When a key is lost, the core will be replaced, and new keys will be cut at the expense of the student who lost the key. The core replacement fee is \$100.00. Each new key for the room (one per resident) is \$50.00. A replacement charge of \$10.00 will be charged for electronic keycards.

Students employed by the College often are given keys to College buildings. Keys are to be used only by the student to whom they are issued for the purposes for which they are issued. Any person possessing unauthorized keys or who misuses College keys will be subject to campus judiciary action.

The duplication of any College key is prohibited.

## LAUNDRY FACILITIES

Washers and dryers are available in the Residence Halls. Laundry is free for McPherson College residents only.

If the machines malfunction, residents should submit a maintenance request at: [https://mcstudentlife.formstack.com/forms/maintenance\\_requests](https://mcstudentlife.formstack.com/forms/maintenance_requests). Residents should be careful not to overload washers and dryers.

## LOSS OR DAMAGE / RENTER'S INSURANCE

The College does not assume responsibility for damage or loss of personal property of residents due to fire, theft, or other causes. Students are encouraged to report all instances of loss or damage to both the McPherson Police Department (620-245-1200) and Student Affairs administration. Students are encouraged to contact their insurance agency to purchase renter's insurance.

## MAINTENANCE

Sometimes, an item in a Residence Hall room may need repair. All repairs should be reported promptly using the maintenance request form: [https://mcstudentlife.formstack.com/forms/maintenance\\_requests](https://mcstudentlife.formstack.com/forms/maintenance_requests). Repair work in the Residence Halls is completed by the College maintenance staff or people contracted to make the repairs; do not attempt to repair items on your own.

The housekeeping staff provides a neat and clean environment in the Hall. However, they are not responsible for cleaning unnecessary messes made by the residents in public areas, nor are they responsible for disposing of personal trash left by the residents. All personal trash must be disposed of by the resident in dumpsters located outside each hall.

## MUSICAL INSTRUMENTS

Practice rooms are available upon request in Hess Fine Arts Center. Because sound carries and has the potential to disturb other residents, musical instruments should not be played in residence halls.

## NOISE VIOLATIONS/QUIET HOURS

The right to study or sleep takes precedence over all other activities in the residence hall. The responsibility for quiet hours is a shared one. It is the student's right and obligation to let offenders know their noise level is too high, and the offenders' responsibility to comply with requests to lower their volume.

Noise should not be immediately detectable from the hallway or adjacent room at any point in the day. This includes noise from music, TV, and other activities. This courtesy extends to ALL hours of the day, which includes time when quiet hours are not in effect. Quiet hours are a time when noise levels from public spaces to rooms and from one room to another should not be detectable by others. Noise levels at any time which are disturbing to students in the community may be addressed.

Quiet Hours:

Sunday through Thursday      10PM – 10AM

Friday and Saturday            12AM – 10AM

## ESTIMATED REPLACEMENT FEES

Item Needing Replaced	Cost
ID Card	\$10
Keycard	\$10

Mattress	\$200
Screen	\$50
Re-core and Room Key	\$100 re-core \$50 per key to room
Window	\$100

## ROOM RESPONSIBILITY

Students are responsible for all activities within their residence including policy violations, damages, and other restrictions stated in the contract. It is expected that rooms will be in the same condition at the end of the occupancy period as when first occupied.

- All personal belongings must be removed from rooms.
- Trash must be removed and placed in containers provided by the College.
- All College-owned furniture and furnishings must be present in the room, properly assembled and arranged.
- Any personal items left in a room at the time of check out may be discarded.
- The room should be properly cleaned. Should a room require more than the normal amount of cleaning by the College when occupants move out, a fine may be imposed and a bill for the additional time will be charged to the student or students involved.
- Any damage not claimed by individual residents will be divided equally among all residents of the room.

## ROOM DECORATIONS

The College welcomes you to make your room your own by hanging posters, decals, pictures, posters, tapestries, or more. However, these items must be able to be fastened to walls, doors, woodwork, and /or ceilings without damage to paint or finished surfaces of the room.

The use of nails, tacks, or screws is forbidden. No holes may be placed in the walls. Writing instruments must not be used on any building surface. A form of "poster putty" or 3M removable products may be used to secure decorations to walls but must be removed before the room is vacated.

Students may not paint or stain the walls, wood, or ceiling. No permanent changes may be made to the room.

## ROOM INSPECTIONS

Upon move-in and move-out, each resident will be provided with a Room Condition Report. Students should fill in this form completely and accurately to ensure they will not be charged for damage that was already present in the room. These cards will be used to assess damage billing to the appropriate resident.

Members of the Residence Life or Facility Management staff may enter a residence at any time, with or without prior notice to ascertain health and safety conditions, check the physical condition of the room, aid in emergency situations, check for compliance with residence hall policies, inspect the room, maintain and repair, and/or check for policy compliance. Residence Life staff will also check for storage of contraband, which may include in refrigerators and other storage areas in the room. When appropriate, during room inspections, the Residence Life Staff reserves the right to confiscate items found to be in violation of campus policies. All room areas may be checked with appropriate authorization from the Division of Student Affairs. Student Affairs administration must grant permission to

Residence Life staff to complete in-depth searches that will go through student's personal storage areas.

Inspections may be conducted at the following times:

- beginning and end of each academic year to establish the basis for assessing damages
- monthly (or as appropriate) to ensure safety & policy compliance
- at least once per semester for the purpose of damage assessment
- prior to or during holiday breaks for closing and damage assessments
- between semesters to assess safety, damages, and policy compliance

Staff reserve the right to enter without the resident(s) present. Also see ROOM SEARCH (FORMAL) and RANDOM SEARCHES ON CAMPUS

## SANITATION

Each resident is expected to maintain his/her room in an acceptably safe and sanitary condition. Students within houses and apartments are responsible for regularly cleaning their bathroom, kitchen, and common area. If the Facilities or Student Affairs deems that the area needs cleaning more than the residents are doing, the area will be cleaned, and the residents may be assessed the cleaning fee.

## SAFETY AND SECURITY

Students agree to abide by the safety rules and procedures of the College. Residents who leave the residence hall through locked doors are responsible for ensuring the doors close and are once again in a locked position. External doors should never be propped open.

Residents are urged to lock windows and doors during periods of absence. During holiday periods, additional precautions should be taken to include removing small portable items and closing curtains or shades. Any losses should be reported to the Division of Student Affairs and to the McPherson Police Department.

## SEARCH AND SEIZURE

Except under emergency circumstances, College premises occupied by students and the personal possessions of students will not be searched unless permission is granted by the resident, authorization is obtained from the Division of Student Affairs, or probable cause grants the search.

Authorization shall be made before a search is conducted. The authorization shall specify the reasons for the search and the objects sought. The student should be present, if possible, during the search. However, Residence Life staff reserves the right to enter any residence without notice in emergency situations or with probable cause of community code violation.

## SOLICITING & SALES

Canvassing or solicitation of funds, sales, votes, membership, literature, or subscriptions by non-student groups is not permitted on campus. Student groups wishing to sell items in the residence halls must have prior approval from the Director of Residence Life. Signs and posters regarding activities sponsored by recognized campus organizations are permitted on appropriate bulletin boards or other designated areas. Non-student groups may post advertisements with prior approval from the Division for Student Affairs.

## STORAGE

Storage of personal items is not permitted outside of assigned residence or during summer months.

## SUBLET

Assigned rooms may not be sublet. The housing contract is made between the individual who signed the Contract and the College and may not be transferred to another person.

## TRASH

Students should dispose of all personal trash in the dumpsters located outside of each residence hall. Trashcans located in the hallways and outside doors are not to be used to place bags of personal trash.

## WINDOW SCREENS, ROOFS, AND LEDGES

Screens have been permanently fastened to the windows and should not be removed. There will be a charge to replace screens and/or repair damaged screens.

Students are not permitted on window ledges or roofs of College buildings for any reason.

## MCPHERSON COLLEGE COMMUNITY EXPECTATIONS

The College reserves the right to change these regulations or make rules, policies, and procedures as it deems necessary for the protection of property and/or the general welfare of the residents. Students are expected to abide by statements in the Student Handbook.

### INCIVILITY, HATE SPEECH, AND BULLYING

Incivility, hate speech, and bullying are prohibited on campus. This can include verbally abusive or harassing behavior, the use of derogatory terms, and/or phrases or names for groups used in a way that is clearly intended to insult or defame individuals from that group and/or create a hostile environment. Incivility, hate speech, and bullying undermine a victim's ability to engage in learning, participate in the activities of the College, or participate in his or her regular life activities.

Specific conduct prohibited includes but is not limited to:

- Deliberate or reckless use of uncivil or hate speech on campus or directed at other members of the Bulldog community.

All students are allowed to have **one licensed vehicle** on campus. Students are required to register their motorized vehicle with the College and display a parking permit. Parking permits must be located on the front windshield, driver's side, at the bottom. Vehicles that do not correctly display their parking permit will be ticketed and/or towed.

Parking is allowed in parking lots and angled parking spaces owned by the College. Any unlicensed vehicle (including vehicles with expired plates) will be brought to the attention of the appropriate officials.

### Parking Rules and Regulations

- Disabled vehicles left in the parking areas will be towed away at the owner's expense.
- Any and all motorized vehicles are not to be parked or driven on the grass, sidewalks, curbs, or through the gazebo without specific written permission from the Facilities Management Office.
- Any vehicle that has missing parts, flat tires, or other concerns that make the vehicle appear abandoned or neglected may be towed away at the owner's expense.
- Vehicle maintenance (including oil changes, engine work, car washing, etc.) should not be performed in campus parking lots. College parking lots should be treated with the same respect as other College property.

- No motorized vehicles, motor bikes, motorcycles, or mopeds shall be operated on the grass, sidewalks, or pedestrian walkways on campus. Exceptions to this include:
  - Power-driven mobility devices such as wheelchairs.
  - Electric scooters, electric skateboards, hoverboards, and other electric vehicles used for personal transportation. These personal powered vehicles are limited to outdoor use only. Indoor use is prohibited.
  - Vehicles participating in or supporting College sanctioned events such as the annual car show, senior drive through, etc.
  - College owned support vehicles (dump truck, pickup truck, forklift, tractor, mowers, and golf carts).
  - Vehicles driven by general contractors, vendors, service providers, and utility providers.
  - Law enforcement and first responders.

## STUDENT JUDICIAL PROCESS

### CAMPUS CONDUCT VS. CRIMINAL JUSTICE SYSTEM

There are significant differences between the campus conduct process and criminal justice procedures. Students can:

- File a report with both the College and the criminal justice system at the same time;
- File a report with the College but not with the criminal justice system, or vice versa; OR
- File a report with the College or the criminal justice system, and later decide to file a report with the other system.

This means a case may be processed through both the College's conduct process and the criminal justice system. If a case is going through the criminal justice system, and a report has also been made to the College, the College may or may not wait until the criminal justice case is completed before conducting its own investigation and remedy/sanction process.

The following compares the typical similarities and differences in campus conduct and criminal justice systems:

	Campus Conduct	Criminal Justice System
Alleged Victim	Complainant	Plaintiff
Alleged Perpetrator	Respondent	Defendant
Confidentiality	Confidential, FERPA applies	Public records
Standard of Evidence	Preponderance of evidence (more likely than not)	Beyond a reasonable doubt
Speaking Rights	Students speak for themselves	Attorney speaks for client
Representation (if desired)	Advisor (Friend, attorney, or person of choosing)	Attorney

If Found Responsible	In Violation	Guilty
If Found Not Responsible	Not In Violation	Not Guilty
Findings	Will result in a confidential educational record	Will result in a public criminal record
Philosophy	Educational, learning from mistakes	Punitive/Rehabilitative
Outcome of Violation	Sanctions	Sentencing
Rules	Code of Conduct, College Policies, Local/State/Federal Law	Local/State/Federal Law

## COLLEGE DISCIPLINE AND VIOLATION OF LAW

The College may institute non-academic disciplinary proceedings against a student for offenses under the Code of Conduct, regardless of pending civil litigation or criminal arrest and prosecution arising out of the same alleged circumstances. College disciplinary proceedings, investigations, or actions may proceed prior to, simultaneously with, or following civil or criminal proceedings. College disciplinary action is not subject to challenge because civil or criminal charges involving the same alleged circumstances have been dismissed or charges reduced in criminal proceedings. When a student is charged by federal, state, or local authorities, the College will not request or agree to special consideration for the student. The College will cooperate with civil authorities in a timely fashion and manner.

## COMMUNITY EXPECTATIONS AND JURISDICTION

When students choose to accept admission to McPherson College, they accept the rights and responsibilities of the College's academic and social community. As members of the College community, students are expected to uphold the College's ideals of scholarship, participation, and service by maintaining a high standard of conduct. Faculty, administrators, staff, and students are responsible for the intellectual, social, emotional, psychological, and physical conditions of this community we share.

The McPherson College Student Code of Conduct shall apply to conduct that occurs on College premises, at College-sponsored activities, and off-campus conduct that adversely affects the College community and/or the pursuit of its objectives.

McPherson College students are responsible for always adhering to the Code of Conduct, not just while on the McPherson College campus. Violations that occur off-campus and are reported to Student Affairs may be adjudicated through the student conduct process.

Each student shall be responsible for their conduct from the time of matriculation (application for admission to McPherson College) through the actual awarding of a degree, to include the academic year and periods between terms of actual enrollment.

Discoveries of alleged code of conduct violations after a degree is awarded or the student has left McPherson College may still be considered. Pending student conduct processes will continue, even if the student withdraws from the College while a conduct matter is pending. Also, McPherson Police Department reports or reports from other law enforcement agencies may be used to invoke discipline or sanctions for violations of the Student Code of Conduct.

## FILING A COMPLAINT

Any member of the McPherson College Community may file a complaint against a student or RSO for alleged violations of the Student Code of Conduct. Complaints are usually filed by submitting an incident report to Residential Life or Student Affairs. Criminal complaints may be reported to the McPherson Police Department.

Once an incident report has been submitted, it will be the responsibility of the Dean of Students or designee to determine which, if any, violations of the Student Code of Conduct have allegedly occurred and how the case will be adjudicated. Any report submitted 10 business days or more after discovery of the alleged incident will be reviewed at the discretion of the Dean of Students or designee for action or dismissal. At semester end, the Student Conduct Officer may choose to have the hearing take place during the break period, be held via teleconference, or held over to the next semester.

## JUDICIAL PROCESS

Student Affairs administration is responsible for handling all disciplinary actions when there is reasonable cause to believe an offense under the Code of Conduct has occurred and disciplinary action is appropriate. Student non-academic disciplinary records are maintained by the Division for Student Affairs. These records include all written correspondence concerning violations of College policy and are only released with the written permission of the student or as required by law.

When an alleged violation of the Code of Conduct has occurred, Student Affairs administration has a responsibility to initiate an investigation, conduct a hearing and, when appropriate, administer sanctions as appropriate. Students have a right to expect enforcement of these rules and policies. The College also has a right to expect students to abide by them as responsible members of the learning community. In addition to the Student Code of Conduct, McPherson College students are responsible for upholding all official College and Residential Life policies while a member of the McPherson College community.

## TYPES OF CONDUCT HEARINGS

**Administrative Hearing:** A conduct hearing where there is an uncontested allegation and/or where the alleged violation if found to be true would typically result in a College or housing warning or probation.

**Formal Hearing:** A conduct hearing that is recorded and follows a prescribed format. Formal hearings are typically conducted when a student is charged with alleged violations of the Student Code of Conduct that are serious enough to possibly reach the level of College suspension or expulsion.

**Mediation:** An agreed-upon meeting between two parties to informally resolve a situation. Both parties must agree to a mediation, conducted by a professional staff member, to avoid a conduct hearing. If both parties cannot agree to a resolution, an administrative or formal hearing may be scheduled.

may be rescheduled, at the discretion of the Student Conduct Officer. Only one (1) change of hearing date and time may be granted.

This advisor serves as a support person and is intended to be of direct assistance to the student before and during the hearing. The advisor may not speak for the student nor address the Student Conduct Officer. If the advisor is an attorney, the case will be heard as a Formal hearing and the Student Conduct Officer may reschedule the time and/or date of the hearing so that McPherson College legal counsel may be present.
  3. The student and the Student Conduct Officer will discuss the case. The student may present evidence and/or bring written witness statements.
  4. The Student Conduct Officer will determine if there was a Code of Conduct violation based upon a preponderance of evidence.

  6. A student has five (5) days after letter date of the written notification of a disciplinary decision to file an appeal. Failure to appeal within the five (5) days period waives the right to appeal. Sanctions will not be implemented while an appeal is under consideration unless special circumstances apply.

## FORMAL HEARING PROCEDURES

All Formal hearings will be closed, except to those specifically provided for in the conduct procedures or persons whose presence at the hearing is authorized by the Student Conduct Officer. The hearing will be conducted by at least two (2) Student Conduct Officers.

1. The student will be notified via email of the date/time/location, alleged violation(s) and identification of the Student Conduct Officer(s) with whom they will meet.

If the Advisor is an attorney, the Student Conduct Officer(s) may reschedule the time and/or date of the hearing so that McPherson College legal counsel may be present.

3. An electronic or other verbatim record will be made of the hearing and will be retained with the student's conduct file. At the beginning of the hearing, the recorder will be turned on.
4. All those present will identify themselves for the record. The respondent will be informed of the Code of Conduct and will be advised of their rights.
5. The student(s) will be asked if they received notice of the hearing and the list of charges of the Student Code of Conduct violations. If the student did not receive the letter, the Student Conduct Officers will provide a copy. The list of student conduct violations will be read for the record.
  - a. The Student Conduct Officers will read the incident report(s) and ask the respondent to respond. In addition, any additional statements given in the report may be entered into the record, with the respondent having the opportunity to respond.

7. Witnesses will be asked to describe what happened in written statements, and the respondent will have a chance to respond. All communication between the respondent, complainant, and witnesses will be directed to the Student Conduct Officers. The Student Conduct Officers may reasonably limit the scope and time devoted to each matter or item of discussion during the hearing, as well as the number of people testifying. The Student Conduct Officers will decide the order of witnesses and when the complainant and witnesses will be in the hearing room.

8. The Student Conduct Officers may ask questions of any respondent, complainant, or witness during the hearing.
  - a. Evidence will consist of oral and written testimony, incident reports and any other material directly related to the incident. The Student Conduct Officers may reasonably limit the scope of evidence considered in the hearing.

At the conclusion of the hearing, the respondent, advisors, and witnesses will be asked to leave the room. These individuals will not be present during the deliberations of the Student Conduct Officers.

## COMMUNICATION

The accused student will not receive any information other than the specific allegation against them until all investigative interviews with Student Affairs administration have been completed.

Once the investigative interviews are completed, Student Affairs administration will provide, in writing, the charged student with the specific alleged violation(s), related documents (usually an Incident Report or complaint filed with Student Affairs administration), a statement of rights of the charged student, a list of witnesses expected to provide information, an outline of the hearing process, and the time/date/location of the hearing.

All notices related to hearings under this Student Code of Conduct shall be delivered in person or emailed at least 24 hours before the scheduled hearing date. The student is responsible for updating the College on his/her local and permanent mailing address, telephone number and any change of contact information. Absent extraordinary circumstances, failure to be present at any hearing after notice is given as described above will not excuse the student from their obligation to comply with any responsibility and timeline stated in the Code of Conduct and will not delay or postpone any scheduled hearing.

## PRINCIPLES OF PROCEDURE (STUDENT RIGHTS)

Disciplinary investigations and hearings are not civil courts, and proceedings are not governed by technical rules of evidence and procedure. It is important, however, that the basic rights of campus community members be protected. The following Principles of Procedure set forth to protect the rights of individuals shall guide all judicial boards on campus, subject to a) the specific procedural provisions of the Student Code of Contact and b) the reasonable discretion of all such boards.

1. The individual accused shall be informed in a timely manner of the alleged violation so that they will have a reasonable opportunity to prepare a response.
2. The accused will have the right to select a non-attorney to accompany them at any formal hearing.
3. The accused shall know who lodged the complaint.
4. The accused will be given an opportunity to offer a defense. The type and scope of the defense the student may present will depend on circumstances, such as the seriousness of the offense charged.
5. Records of hearings should be kept but need not be verbatim or formal.
6. Suspensions or dismissals take effect only when approved by the President of the College, or his or her designee, but such approval need not be in writing.

## STUDENT APPEAL PROCESS

Any hearing outcome may be appealed by the respondent or the complainant, if their reason for the appeal meets at least one of four criteria:

1. **The student was not given due process;** the hearing was not conducted in conformity with prescribed procedures, and substantial prejudice to the complainant or the respondent resulted;
2. **New or additional evidence became available;** new information that could substantially affect the outcome of the previous lower hearing has been discovered since that hearing. The information must not have been available at the time of the original hearing. Failure to present information that was available is not grounds for an appeal under this provision;
3. **The conduct sanction was inappropriate for the violation;** a determined sanction is inherently inconsistent with College procedures or precedent. Simple dissatisfaction with a sanction is not grounds for overturning a sanction under this provision;
4. **The decision was not based on competent and substantial evidence;** or the information presented at the hearing does not support the finding. An appeal is not a reevaluation of the credibility of the information but is a determination as to whether the information presented, if believed, is sufficient to support the findings.

A student has five (5) days after letter date of the written notification of a disciplinary decision to file an appeal. Failure to do so waives the right to appeal.

An appeal is a review of the record of the original hearing (except as necessary to gain insight into any new information), not a new hearing. It is the person who initiated the appeal's responsibility to show that one or more of the listed appeal grounds has merit.

The appeal must be in writing and include:

1. The completed **Disciplinary Action Appeal Request** form, which can be obtained from Student Affairs, and is provided to the Respondent via the electronic mail hearing outcome letter.
2. A statement explaining in detail why the student is contesting the findings or the action(s).
3. Copies of any documents that will substantiate or clarify the appeal request.

The Dean of Students or designee will review the materials to determine if there are grounds to warrant an appeal. Those involved as Student Conduct Officers cannot be involved in this review.

Within five (5) business days of the receipt of the appeal, the Dean of Students or designee will notify the student of the decision to grant or deny the request for an appeal. If the Dean of Students or designee grants the appeal, the case will be referred to the Appellate Board. The decision by the Dean of Students or designee to deny the appeal shall be final. Sanctions will not be implemented while an appeal is under consideration, unless special circumstances apply.

## APPELLATE BOARD

Members of the Appellate Board are appointed by the Dean of Students or designee and shall consist of three (3) members: one (1) faculty member, one (1) staff member, and one (1) student. The Dean of Students or designee shall designate the Appellate Board chairperson.

The respondent will be notified of the date and time of the board meeting; however, the respondent does not attend. The Appellate Board will review the record of the original hearing and related documents no later than five (5) business days after the appeal was granted. The respondent and complainant (in Title IX cases) will be notified by the Dean of Students of any delay and provide the student with an anticipated date the decision will be finalized.

The Appellate Board, upon review of the case, may:

1. Affirm the decision and sanctions imposed by the Student Conduct Officer;
2. Recommend reversing the decision;
3. Recommend altering the sanctions imposed by the Student Conduct Officer.

Recommendations from the Appellate Board shall be returned to the Dean of Students or designee within two (2) business days. The Dean of Students or designee will review the Appellate Board's recommendation and may consult with Appellate Board members in reaching a final decision.

The decision of the Dean of Students or designee will be final and will be communicated via email by the Dean of Students or designee to the respondent and complainant (subject to FERPA protections). The decision will be communicated within five (5) business days of the Dean of Students or designee receiving the written recommendation.

## DEFINITIONS OF SANCTIONS AND FINES

A record of all disciplinary actions will be stored in the Guardian electronic system. A student's prior violations are considered if a student again violates the Community Code. Students suspended or dismissed because of misconduct are not entitled to any refunds.

## RESPONDENT FINDINGS AND SANCTIONING

At the conclusion of a hearing, the respondent will be found In Violation or Not In Violation. A student found In Violation of the Student Code of Conduct shall be subject to sanctions proportionate to the offense with the consideration given to any aggravating and extenuating circumstances, including but not limited to, the student's conduct record. More than one sanction may be imposed for any single violation.

By way of example, if found In Violation, potential sanctions may include, but are not limited to, one or more of the following:

	residence hall suspension.

The College may rescind a College degree following the awarding of a College diploma or may withhold the awarding of a degree pending the outcome of the student discipline process for a violation of the Code or other College policy that does, or would have the potential to, result in the sanction of Expulsion.
Sanctions as Deemed Appropriate	Other or additional sanctions not listed here may be assigned as appropriate for the violation.

### IMMEDIATE TEMPORARY SUSPENSION (STUDENTS)

The Dean of Students may immediately temporarily suspend a student from College facilities, including the residence halls, pending Formal procedures when it is believed that the presence of the student would be seriously disruptive or would constitute a danger to the health, safety, and welfare of the people present in said areas. The dismissal must be communicated in writing to the student and may only be determined by the Dean of Students.

Because they are particularly disruptive to the mission of the College, the following actions and similar actions could result in immediate temporary suspension until review has occurred:

- Violating federal, state or local laws results in the student being charged with or found guilty of a felony crime.
- Assaulting, striking, intimidating, threatening, or endangering, the well-being of another, or sexual contact or sexual intercourse with a person without consent or when that person is incapacitated.
- The brandishing or use of anything that can reasonably be construed as a weapon.
- Efforts to intimidate individuals or groups of people.
- The abuse of property including grossly negligent or irresponsible use of property whether it belongs to other individuals or McPherson College.
- Being in possession of enough illegal substances such as drugs including so-called party drugs or alcohol to warrant suspicions of intent to distribute.

The College assumes no responsibility for any of the potential ramifications resulting from temporary or permanent disciplinary sanctions, such as inability to participate in regularly scheduled academic activities including examinations; extracurricular activities such as athletic events; loss of financial aid or employment; how a student is perceived by peers or others on- and off-campus; or whether a student is able to continue his or her educational endeavors at other institutions of higher education.

After temporarily suspending a student, the Dean of Students or designee will have up to three (3) business days to contact the student and arrange for a student conduct hearing.

--	--

Student Affairs administration may add, remove, or alter consequences as appropriate.

Fines are meant to be paid within three (3) months of being issued; campus service is not an adequate repayment. However, Student Affairs administration may add community service in coordination with the fines if they believe that will best help the student or campus community. If fines are not paid, a hold will be placed on the student's account, which may prevent reentry into the College and/or graduation. Multiple sanctions can lead to disciplinary probation or dismissal from McPherson College.

## **SUBSTANCE ABUSE AND POSSESSION**

### **GENERAL STANDARDS**

McPherson College prohibits the possession or use, processing, distributing, manufacturing, selling, or being under the influence of alcohol or illegal drugs by any student, faculty, or staff person anywhere on campus or at College functions.

The College believes that the use and abuse of these substances is counterproductive to the educational process and often contributes to behaviors that are disruptive to the entire campus community. In addition, health risks are associated with misuse and abuse of such substances and legal consequences for illegal drug use can be quite severe and greatly impact a person's future.

Under the current Kansas statute, "no person under the age of twenty-one (21) can legally purchase, possess or consume liquor or cereal malt beverages." In addition, "anyone who directly or indirectly sells to, buys for, gives or furnishes intoxicating liquor or cereal malt beverages to a person under 21 years of age is guilty of a Class B Misdemeanor." Students participating in the PELL Grant Program are required by the federal government to sign the "Anti-Drug Abuse Act Certification."

Alcohol is prohibited on McPherson College campus. Alcohol containers and/or drug paraphernalia including beer cans, bottles, bottle caps, and/or shot glass collections displayed in a room are prohibited on campus. Containers being used for art class projects are exempt, but the resident must receive written permission from Student Affairs administration beforehand. The possession of kegs, party-balls, beer-bongs, beer pong tables, or similar paraphernalia is not permitted on campus or at campus-sponsored events.

The College may hold all students in the presence of alcohol to the same standard, and all students involved may face sanctions. As an example, all students at a "party" or "social gathering" where prohibited substances or behaviors are present will be subject to the same sanctions. Parent/legal guardians of students under 21 may be notified of community code violations involving alcohol use or possession, and/or illegal drug use or possession.

The unlawful possession or use of narcotics and any controlled substances is not permitted. Students who violate this condition will be subject to disciplinary action. McPherson Police will always be involved in matters involving illegal narcotics.

Disregard for College alcohol and prohibited substance policies may result in disciplinary action, including loss of residential privileges, suspension, and expulsion.

### **PROMOTION AND DISTRIBUTION OF ALCOHOL**

McPherson College does not encourage nor promote the consumption of alcohol. McPherson College's expectations and policies have been designed to provide a positive environment to promote personal development and growth through accountability and reflective practices. Promotion or references to alcohol at institutional funded events or on institutional material is prohibited.

## **DRUG POLICY**

McPherson College defines the possession of controlled or illegal substances as the presence of such substances or associated paraphernalia on the student's person, in his or her room, automobile, or among properties controlled, owned or used by the student.

All parties present when illegal drug possession or consumption is established are subjected to the same sanctions as the individual(s) who brought the drug into the environment or were possessing or consuming it.

Given reasonable cause, drug testing may be required if students are suspected of a drug related offense. Refusal to participate in testing may be used as grounds for disciplinary action.

Student(s) who possess expired prescription drugs and/or unreasonable, large quantities of prescription drugs will be asked to provide independent, medical verification that the quantity and the prescription is valid. If medical verification is not obtained, he or she will be subject to the sanctions outlined in this policy.

Any student found in violation of the McPherson College drug policy will be subject to disciplinary actions. When large quantities of illegal drugs are involved or there is evidence of drug distribution, the implicated student will be subject to criminal charges by law enforcement.

## DRUG DOGS / LAW ENFORCEMENT SEARCHES

McPherson College Student Affairs Department, in conjunction with local authorities, will periodically utilize drug dogs in conducting sweeps for illegal drugs in all the parking lots, common areas, residence hall rooms and areas, and other buildings on campus. Student Affairs administration will arrange supervision and coordinate all K9 searches with law enforcement. All students are expected to comply with Student Affairs administration and any officers on scene with any lawful requests.

These sweeps will be performed by handlers and canines trained and certified in the detection of illegal drugs/narcotics. Searches will be conducted of vehicles, rooms, and other areas once the canine alerts which will provide probable cause to believe that drugs are present in that area.

Once the canine alerts of possible presents of illegal drugs/narcotics, the area will be searched. Upon discovery of suspected illegal drugs/narcotics, persons who are determined to be in violation of State or Federal law and/or College rules and regulations will face College disciplinary actions and possible arrest. In the event a search occurs, and no evidence of a violation is found, the incident will be documented and monitored.

## SEXUAL MISCONDUCT AND COMPLAINT RESOLUTION

It is the policy of the College to comply with Title IX of the Education Amendments of 1972 and its implementing regulations, which prohibit discrimination based on sex in the College's educational programs and activities. Title IX and its implementing regulations also prohibit retaliation for asserting claims of sex discrimination. The College has designated Title IX Coordinators and Deputies. These can be found in the college's ADM 150: Sexual Misconduct Policy and Complaint Resolution Procedures: <https://wwwi.mcpherson.edu/admin-policies/adm-150-sexual-misconduct-policy-and-complaint-resolution-procedures/>

## COMMITMENT TO NON-DISCRIMINATION, NON-HARASSMENT, AND NON-RETALIATION

The purpose of this policy is to uphold McPherson College's mission in preserving the fundamental dignity and rights of all individuals involved in campus activities.

Discrimination, harassment and retaliation on the basis of a protected category (see the Nondiscrimination/Equal Employment Opportunity Statement for an explanation of protected categories) are strictly prohibited. Persons who engage in such conduct are subject to discipline up to and including termination or dismissal.

Preventing prohibited discrimination, harassment and retaliation is the responsibility of all members of the College Community. Faculty, staff, and third parties should report a potential violation of this policy as soon as possible to the Director of Human Resources:

Director of Human Resources  
 1600 East Euclid  
 Human Resources  
 McPherson College  
 McPherson KS 67460  
 (620) 242-0454  
[hr@mcpherson.edu](mailto:hr@mcpherson.edu)

Students and prospective students should report a potential violation of this policy as soon as possible to the Associate Vice President for Student Affairs and Dean of Students.

Additionally, any member of the College's administration may be contacted with questions or concerns.

McPherson will respond to reports of perceived prohibited conduct in a reasonable, thorough, and prompt manner, as set forth below. If the College determines that discrimination, harassment, or retaliation has occurred, appropriate corrective and remedial actions will be taken.

### II. Scope

This policy applies to reports of discrimination, harassment, and retaliation on the basis of a protected category, other than harassment and retaliation on the basis of sex, which are governed exclusively by the College's ADM #150 Sexual Harassment Policy And Title IX Grievance Procedures. This policy governs reports of discrimination, harassment, and retaliation in all the College's programs and activities and applies to all members of the College

Community. It applies to discrimination, harassment, and retaliation that occurs on campus, during or at an official College program or activity (regardless of location), and to off campus conduct when the conduct could deny or limit a person's ability to participate in or benefit from the College's programs and activities.

### III. Prohibited Conduct

#### a. Discrimination

Discrimination is adverse treatment of an individual based on a protected category. It is a violation of this policy to discriminate on the basis of a protected status in any of the College's programs and activities. A list of protected categories is located in the Nondiscrimination/Equal Employment Opportunity Statement.

#### b. Harassment

Harassment consists of unwelcome verbal, non-verbal, or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or other members of the College Community, including third-parties, because of a protected category. Harassment constitutes a form of prohibited discrimination if it denies or limits a person's ability to participate in or benefit from the College's programs and activities ("discriminatory harassment").

Examples of conduct prohibited by this policy may include, but are not limited to, jokes or pranks that are hostile or demeaning with regard to a person's protected status or have the purpose or effect of creating an intimidating, hostile, abusive or offensive working or academic environment.

#### c. Retaliation

The College prohibits retaliation against anyone for reporting discrimination or harassment, assisting in making a report, cooperating in an investigation, or otherwise exercising their rights or responsibilities under this policy and applicable federal, state, and local laws. Retaliation prohibited by this policy consists of materially adverse action, such as disparaging comments, uncivil behavior, or other negative treatment of an employee, student, or other member of the College Community because a report has been made pursuant to this policy or because an individual otherwise cooperated with the College's investigation.

#### d. Sexual Harassment

The College's Sexual Harassment Policy and Title IX Grievance Procedures govern the reporting, investigation, and determination of reports of sexual harassment and related retaliation. All reports of sexual harassment, sexual assault, dating violence, domestic violence, stalking, and related retaliation will be investigated and resolved pursuant to the College's Sexual Harassment Policy And Title IX Grievance Procedures.

### IV. Investigation and Resolution Procedures

#### a. Reports Alleging Misconduct By A Student

If a report of discrimination, harassment, or retaliation alleging misconduct on the part of a student is received, the report will be referred to the Dean of Students for investigation and resolution pursuant to the process for handling other types of student misconduct as contained in the Campus Judicial Procedure, available at: <https://www.mcpherson.edu/wp-content/uploads/2020/01/1920StudentHandbook.pdf>

#### b. Reports Alleging Misconduct By Any Other Person

When a report of discrimination, harassment or retaliation alleging misconduct on the part of any other person is received, a College official will be designated to investigate the report.

During the investigation, both the complainant and respondent will have the opportunity to identify witnesses and evidence. Investigations will be handled discreetly, with information shared only with those persons who need to know the information in order for there to be a full and fair investigation. The investigator may impose interim measures during the pendency of the investigation to protect and separate the parties.

The investigator will prepare a written report summarizing the results of the investigation and deliver it to the Director of Human Resources. The Director of Human Resources will review the report, consult with other College administrators and officials as the Director of Human Resources deems appropriate, and issue a determination as to whether or not the report of misconduct is substantiated and, if so, what remedial measures will be taken to address the misconduct, including discipline for the respondent or initiation of disciplinary proceedings pursuant to other applicable College policies (including, for example, initiation of disciplinary proceedings under Section FAC 490 of the Faculty Handbook). Substantiated incidents of conduct prohibited by this policy can lead to discipline up to and including termination or dismissal. The Director of Human Resource's determination is not subject to appeal or further review.

Policies may be updated at any time due to changes in personnel by the college. Please contact the VP for Academic Affairs office or the Student Affairs office for any questions or concerns.

## **INSTITUTIONAL POLICIES**

### **ACADEMIC RECORD**

A transcript is a student's official record of courses taken and grades earned. The records are kept and maintained by the registrar's office. Student records are confidential, but are open for inspection by the student. Inspection of records must be made in writing, with the request being made to the registrar's office for transcripts and to the appropriate dean for other records. The registrar will notify the student when the file is available for inspection within 20 days of the date of the request.

### **PRIVACY OF STUDENT RECORDS (FERPA)**

Certain information is considered to be public or directory information while other information is private in nature. Directory information includes a student's name, address, email address, telephone number(s), hometown, photograph and/or video content, enrollment status, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance at McPherson College, degrees and awards received and the most recent previous educational agency or institution attended by the student. Directory information can be disclosed without a student's consent unless the student gives a signed notice to the college restricting such disclosure.

A federal law known as the Family Education Rights and Privacy Act of 1974, or FERPA, gives students and former students the right to inspect, review and copy education records related to them. Students have 10 days following the release of directory information to notify the college that any or all of the information designated should not be released without his/her prior consent. This notice must be given in writing to the office of the dean of students.

Education records and personally identifiable information from those records will not be released without the written consent of the student involved, except to other college personnel, officials of other schools in which the student intends to enroll, authorized state and federal government representatives, or unless it is released in connection with the student's application for financial aid, in response to a judicial order or subpoena, or in the case of a bona fide emergency.

The college maintains with education records of each student a record identifying all persons other than college officials who have requested or obtained access to the records and indicating the legitimate interest of those persons. This record of access is available upon request to the student in question. Finally, all personal information about a student released to a third party will be transferred on the condition that no one else shall have access to it except with the student's consent. A complete list, with location and custodian of all records kept on college students, is obtainable from the dean of students.

Upon request, a record covered by FERPA will be made available within a reasonable time, and in no event later than 45 days after the request. The student should direct the request to the custodian of the records in question. Copies of the record will be made available to the student at the student's expense (usually limited to cost of materials).

A student may also request explanations and interpretations of the records from the official in charge. If the student believes that a particular file contains inaccurate or misleading information or is otherwise inappropriate, the college will afford an opportunity for a hearing to challenge the content of the record. Prior to any formal

hearing, the official in charge of the record is authorized to attempt to settle the dispute through informal meetings and discussions with the student.

If the student is not satisfied, he/she may request a hearing. Procedures for such a hearing will be those outlined in the student handbook for all cases coming before the Campus Hearing Board. The student will have the opportunity at the hearing to present any relevant evidence.

## SMOKING

Smoking is not permitted in any College-owned building, including individual bedrooms, suite bedrooms and common rooms, lounges, bathrooms, and hallways. This includes e-cigarettes, vaping, hookah, and other similar products.

## SOCIAL MEDIA POLICY

McPherson College recognizes the power and ability of social media to build community, relationships, and promote free expression. Students should also be aware of the consequences of the abuse of social media. They should always keep in mind that information posted on social networks is public, lasts forever, and is a direct representation of themselves, their families, teams and/or McPherson College. Uncivil behavior and harassment will not be tolerated. Please keep in mind the following guidelines as you participate in social networking:

- Before participating in an online community, be aware that any information you post becomes public knowledge. Whether it is a photo, video and/or text, that message becomes out of your control once posted online.
- You should not post information that would cause embarrassment to yourself, family, team or McPherson College.
- Be aware that posting specific information such as your address, birthday, phone number, etc., puts you in a situation where you could be vulnerable to predators.
- Exercise caution with who you add as a “friend” or “follower” on social networking sites. There are people looking to take advantage of students.
- McPherson College staff may monitor social media and must act if informed of illegal activity, harm to self or others, or information posted online that may demonstrate violations of the student Code of Conduct. The use of College copyrighted material is prohibited.

**Information posted online may be used as cause for disciplinary charges. Students could face sanctions if found in violation of stated policies.**

## STUDENT DEVELOPMENT RECORDS

Student development records are maintained in the Division of Student Affairs for each enrolled and previously enrolled student (during the last seven years) at McPherson College. It contains directory information for the student, emergency contact persons, copies of correspondence between the student and the Division of Student Affairs, a record of any disciplinary action which involved the student, and summary records of student involvements on campus such as work or internship experience and achievements through student organizations. Students who wish to review the contents of their student development file should make a written request to Student Affairs administration who is responsible for maintaining the files.
